

Operation Carpe Diem

When we don't have projects to build, we still have our talents to share.

ANGEL-FOR-A-DAY

Operation Carpe Diem is our answer to the current industry circumstances coupled with the needs of our community. The AD Morgan Corporation is celebrating its 23rd year of building relationships and delivering quality construction to our clients. Our gratitude for the years of success has resulted in our team's continued contributions and support for our community and non-profit organizations. As we find ourselves with available manpower, we created "Operation Carpe Diem". This "Angel-for-a-day" program allows the AD Morgan team to pay forward our many blessings by sharing our construction talents with those in need.
